*Stuff the detail in the process.*

*Cut the yarn, leaving a long tail for muzzle tightening.*

*Glue the nose on the tip but slightly down. Note, that the nose should look down, when you will glue eyes and sew ears.*

*Thread the yarn tail into the needle, pull the hole tight and then make a tightening from the bottom of the muzzle between rounds 9 and 10. Fasten the thread on the top of the head and weave in the yarn ends.*

# LEGS

**1 row:** 6 sc in MR (6)

**2 row:** (sc, inc)\*3 (9)

**3-4 rows:** 2 rows=9 sc (9)

**5 row:** (sc, dec)\*3 (6)

**6 row:** dec\*3 (3). Make 6 ch (do not crochet tightly so that the chain does not twist further)

*Add a little bit of fiberfill in the legs.*

*Cut the yarn, leaving a long tail for sewing. Cut the thread at the one of the legs longer – for a tail.*

*Sew the legs to the body on the sides between rounds 3 and 4. Sew the leg with the shorter thread first. After sewing the second one, fasten the thread and do not cut it. Bring it back to the point where the tail is (somewhere between the legs). After that, leave the desired length of thread and cut off the extra. Glue the tip of the thread with a transparent glue and twist between the fingers to get a sharp tip.*
