HOW TO READ MY PATTERN

Here are some explanations on how to follow instructions:

Example 1

Rnd 4: (2 sc, 1 inc) 6 times [24]

To work round 4, you need to repeat the instructions found between the brackets (2 sc, 1 inc) six times. You start by working a single crochet in each of the next 2 stitches and then work 2 single crochets into the next stitch (increase made). This then gets repeated for another five times. At the end of the round, you can check the stitch count as you should now have 24 single crochets.

Example 2

Rnds 10-16 (7 rnds): 1 sc in each st around [35]

This reads that the rounds from 10 to 16 will all have the same instructions. It also notifies you that there are seven rounds where this happens. The instruction is to work a single crochet in each stitch around for each round. The stitch count at the end of each of the seven rounds should be 35 single crochets.

Example 3

Rnd 11: 26 sc; **Yarn A:** 2 sc; **Yarn B:** 26 sc [54]

To crochet round 11, you will alternate the two colors A and B, check the material box for the reference of each yarn.

> **Rnd 11:** 26 sc

To start round 11, continue with the yarn from the previous round, then make a single crochet in each of the next 26 stitches. At the last step of the 26th stitch, change to the yarn A.

> **Yarn A:** 2 sc

With Yarn A, make a single crochet in each of the next 2 stitches. At the last step of the 2nd stitch, change to the Yarn B.

> **Yarn B:** 26 sc

With Yarn B, make a single crochet in each of the next 26 stitches.

At the end of rnd 11, you will have 54 stitches.

NOTE

All video tutorials for crochet stitches & techniques are on my YouTube

<https://www.youtube.com/c/KhucCay/>

When crochet with chenille yarn: instead of magic ring, ch 2 then start in the 2nd ch from hook, video: <https://youtu.be/OMKqcUIMpBA?si=j12mngP6aBl8lEsT&t=125>

Gauge: 4 stitches and 3 rows = 2.5 cm (1 inch), this information is important as it may affect to the color change.

Crochet in spiral, unless otherwise stated. I always precise the moment I start stuffing. If there is no mention about stuffing, it means we don't need to stuff that part.

The size of the toy will vary, depending on the yarn used. If you use the same materials as me, the finished size is **10 cm**.

LET'S START!
